

What is IEEE ?

IEEE is the world's largest technical professional organization dedicated to advancing technology for the benefit of humanity. IEEE is the trusted “voice” for engineering, computing, and technology information around the globe.

Who are we ?

We are the IEEE Student Chapter. We strive to inspire the SUTD community to innovate for a better tomorrow through the advancement of technology. We conduct activities and projects that benefit the society in and out of SUTD, and fervently strive to increase the technical abilities of our members through these activities.

Why you should join the IEEE Student Chapter ?

Join us to :

- **Get free access to fun workshops covering a vast array of topics:**

- Arduino and the World
- Python Fundamentals
- Deep Learning

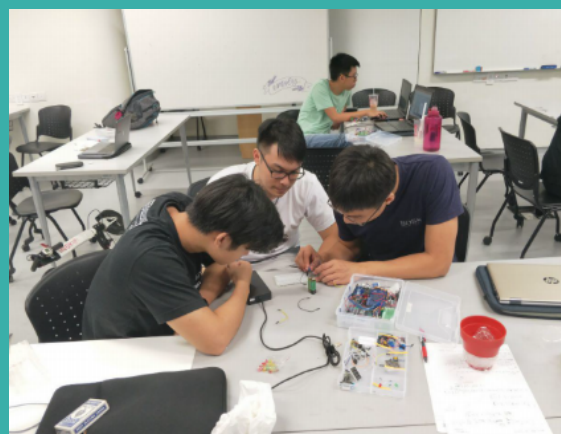

- **Gain insider insights about companies and expand your network via Industry visits and Networking Events**

- **Participate in brutal-yet-fun hackathons such as:**

- Shopee Ultra-Hackathon
- IEEEExtreme
- I'm the Best Coder ! Challenge

- **Work on projects with real life applications**

- Computer Vision and NLP
 - Arduino and Electronics
- And so much more!
